WE ARE LOOKING FOR INTERNATIONAL PARTNERS!

ABOUT US

GateOnGames is an Italian game studio, based in Lucca, Tuscany, founded in 2015 and specialized in the creation of board games.

Our goal is to discover talented authors, help them develop their games and introduce a product of excellence on the Italian and international market, in collaboration with the best professionals.

- Mario Cortese, GateOnGames CEO

We take care of each game, from the original idea of the author to the development of the mechanics, from the conception of the setting to the choice of the best quality components. The internal team is made up of illustrators, graphic designers, game designers, mathematicians and writers capable of transforming a great idea into an exciting and unique game.

FOXY

Game design: David Spada
Illustrations: Stefano Tartarotti

Will you be smarter than a fox?

Foxy is a **memory game** that will test your observation skills. You have to pay attention to the animals that appear on the cards and try to remember how many of the same type you have seen up to that moment. If you write a higher number, you won't get points!
How strongly do you trust your memory?

HIGHLIGHTS

- A **memory game** merged with risk management.
- Playable in **15 minutes** with zero setup.
- Different rulesets so it can be playable by kids and adults, gamers and casual players.

Don't try to resist: the world needs more alpacas, and it's your job to meet that demand!

Alpaca is a **competitive deck-building game** for players who wish to pursue soft animal breeding! The goal is to fill the fences with the most valuable woolly quadrupeds while managing your deck. Interaction with other players will get tighter as the rules become clearer.

HIGHLIGHTS

- A game **easy to learn** but always engaging thanks to the different alpaca sets.
- New **expansion packs** with new alpacas to be released, which ensure replayability.

Help the cute birds join in flocks and fly away together!

Birdie is a **memory and set collection** game. You have to collect sets of birds and seasons, but you have to remember the cards already taken and their order to maximize the points! A lot of attention is required to build combos and strategies.

HIGHLIGHTS

- Suitable for both families and expert gamers, with two **different rulesets**.
- Quick setup, deep gameplay experience.
- Cute **miniatures** of different birds you can paint to personalize your flock.

SQUEAKY

Game design: David Spada
Illustrations: Stefano Tartarotti

The squirrels living in Central Park have a magnificent view of the city... but they also have to find a way to stock up!

Squeaky closes David Spada's memory trilogy after Foxy and Birdie. The players' goal is to collect different types of food while trying to remember what they already put in their den, because overfilling it could be a problem.
